Hi Yalin,

I am CCing Rich Sarian with the Hollywood BID. If you recall, when we last met you committed BSS crew to help facilitate a project at 1718 Cherokee -- the BID is planning to remove 2 of the 4 trees from this location, and BSS committed to use a weekend crew to root prune and replace the sidewalk.

When we last spoke, you said this would be possible in July. Since it's almost July, I wanted to check in.

Additionally, I believe Rich has some questions about how to make sure the BID is set up and ready to perform the tree removal -- I think he was having some difficulty with the permit. Rich, please advise.

I will be out of the office next week but I'm CCing Marisol here in my absence. Please let me know.

Thank you,

Dan Halden

Hollywood Field Deputy

Office of Councilmember Mitch O'Farrell, 13th District

1722 Sunset Boulevard, Los Angeles, CA 90026
